

Thurrock primary science conference

This conference is designed for head teachers, senior teachers and primary science subject leads.

The keynote speech will explore how science can satisfy Ofsted by contributing to a broad and balanced curriculum, how to raise the profile of science across the school and ensure teachers are confident and competent in delivering exciting science for all.

Our two workshops examine ways of capturing and assessing the progress of pupils and look at a range of resources available to support the teaching of science.

12.30pm	Arrival & registration
12.45	Lunch
1.15	Effective Primary Science - Jane Turner Associate Professor, University of Herts.
2.15	CPD: Assessment & progression in primary science – Rebekah May
3.15	Coffee
3.30	CPD: Resources for primary science – Hayley Law

“A great balance of information and practical workshops.”

“Provided lots of knowledge and ideas to take back to school.”

“Really enjoyed and learned a lot from this training.”

What are you looking for?

PROFESSIONAL DEVELOPMENT

We offer high-impact professional development across the UK, and online, based on the latest developments in both pedagogy and STEM subjects. We can also tailor professional development to your school's specific needs with our bespoke CPD.

CAREERS EDUCATION

As well as a host of excellent resources on our website including the Careers Toolkit, we also run the STEM Insight programme to give you a unique experience in industry or university through inspiring placements.

INSPIRATION

We've got a host of ways to help you inspire your students: why not bring a STEM Ambassador into your school to talk about STEM subjects and careers, or start a STEM Club to build confidence and teamwork skills?

COMMUNITY

Share your ideas and challenges with teachers and technicians through our online groups and at our networking events. And join us on Twitter - we have over 20,000 like-minded educators following us.

STEM
LEARNING

National STEM Learning
Centre and Network

RECOGNITION

Our recognition schemes and awards allow you, your department and school to showcase the impact you have on your students and colleagues.

RESOURCES

We have over 38,000 quality, STEM teaching resources, available online or at our centre. You can also browse teacher-made resources and submit your own.

STEM Learning operates the National STEM Learning Centre and Network, alongside other projects supporting STEM education
